Maui is the second largest of the Hawaiian Islands. Its nickname is "The Valley Isle," which describes its geography as a large valley between two dormant volcanoes — Haleakala in the east and Mauna Kahalawai in the west. Haleakala's name means "House of the Sun," and it's the largest dormant volcano in the world at 10,023 feet high, 4,000 feet deep, and 21 miles across its crater. Mauna Kahalawai, an eroded volcano, is referred to as the West Maui Mountains. Maui is known for its beaches, with over 120 miles of shoreline and 80 beaches — more than any other island in Hawaii. Maui's beaches vary from gentle surf to crashing waves, with fine white sand and even rare black and red sand beaches near Hana. Kahului Airport is located in Central Maui on the northern edge of the land between Haleakala and the West Maui Mountains. Five regions define the island. West Maui is home to the resort areas of Kaanapali, Kapalua, and the town of Lahaina. The resort communities of Kihui, Wailea, and Makena are located in South Maui. The road to Hana and Haleakala State Park are in East Maui. Upcountry is located on the higher elevations around Haleakala, where farms, dairies, and ranches take advantage of the volcanic soil and wetter weather. In Central Maui, Iao Valley State Park offers hiking trails, forests, and running streams. Hawaii follows Hawaii Standard Time (GMT-10 hours), which is five hours behind Eastern Standard Time and two hours behind Pacific Standard Time. Hawaii does not observe Daylight Saving Time, so add one extra hour to the time difference during this period (March through November). The summer season, mainly April through November, sees higher temperatures and less precipitation. June, July, and August are popular with vacationers when schools are generally out, and the weather is warm and dry. Winter, from December through March, is cooler, but still warm and sunny although there's a bit more rain. The weather varies across different areas of the island, and the western and southern shores are generally drier. Lahaina and Kaanapali in West Maui get around 10 inches of rain annually, compared to higher elevations that can see more than 300 inches of rain each year. Winter is a popular time for visitors to get away from cold weather at home and enjoy Maui's mild winter. Whale watching season from December through May, peaking from January through March, is also a great attraction during winter. Haleakala is a dormant volcano, but it's not extinct. It last erupted between 1480 and 1600, according to the USGS, and is expected to erupt again in the future. At more than 10,000 feet in elevation, its summit sometimes receives snow in winter. Honokohau Falls plunges 1,119 feet, dropping in two tiers. The tallest waterfall on Maui and one of the highest in the world, Honokohau Falls is located in an inaccessible valley in the West Maui Mountains. A helicopter tour is the best way to see it. Formerly a whaling port and center of the whaling industry in the early- to mid-19th century, Lahaina was the original capital of Hawaii until 1850. Maui is the name of the island as well as the name of a county. Maui County includes the islands of Maui, Lanai, Molokai, and Kahoolawe. Charles Lindbergh, aviator and explorer, is buried on Maui in a grave at the Palapala Hooumau Church along the road to Hana. The U.S. Department of Agriculture requires a declaration form for each person arriving in Hawaii in connection with rules regarding uninspected plants and animals. When departing, your luggage will be screened for uninspected fruits and plants, but you may take inspected fresh flowers and fruits home. The main airport on Maui is Kahului Airport (OGG), and there are smaller commuter airports in Kapalua and Hana. Molokai and Lanai are served by their own airports. Every year, as many as 10,000 humpback whales travel more than 3,500 miles from Alaskan waters to Hawaii for their winter migration. Maui is one of the best places to see them as they feed, give birth, and nurture their young. Many can be seen from the shore, and whale watching boat cruises are also available. The official languages of Hawaii are English and Hawaiian, although Hawaiian is not commonly spoken. Major resort areas often have customer service representatives who speak Japanese. You can get around Maui by shuttle, tour bus, taxi, or public transportation. But to really experience all that Maui offers, you should consider reserving a rental car in advance from the Kahului or Kapalua Airport. The Maui Public Bus system consists of 13 bus routes that provide service in and between various communities throughout the island. All of the routes operate daily including holidays. Haleakala National Park features a wide array of landscapes and ecosystems from the coast to the summit. Plan your trip at one or more of three visitor centers. Hike along some of the 30 miles of trails, enjoy a stunning sunrise or sunset from the crater, visit at night to take advantage of the dark skies, or camp overnight in the park. Drive the 60-mile road to Hana to see waterfalls, lush tropical landscapes, pools, and more. Plan ahead for the drive and allow plenty of time to enjoy the trip which includes 620 curves, 59 bridges, and often dramatic weather changes along the way. Spend some time in the historic town of Lahaina, once the center of the whaling industry and capital of Hawaii. Take a walking tour and see the huge Banyan tree that provides nearly an acre of shade. Stop for a meal, snack, or shave ice and enjoy the view. Address: 192 Maaleaea Road, Wailuku, Hawaii 96793Phone: (808) 270-7000Website Learn about Hawaii's marine life through exhibits like the Living Coral Reef, Open Ocean exhibit, and see sharks, sea turtles, eagle rays, tropical fish, and more at this aquarium and oceanography center on Maaleaea Bay. This tiny, crescent-shaped island off Maui's southwestern coast offers spectacular snorkeling and scuba diving. The area is rich in coral and tropical fish as well as green sea turtles. A boat tour is the best way to reach the crater which is the remains of a volcano eruption that occurred more than 200,000 years ago. There's much to see in Maui's rustic higher elevations. Tour the Surfing Goat Dairy, taste their cheese, and even milk a goat if you want a unique experience. Visit Maui Wine for a tour and a taste of their pineapple wine. They produce wine from grapes as well. Nearby Kula Botanical Garden features eight acres of unique plants, rock formations, waterfalls, aviary, and kai pond. Stop in the historic paniolo town of Makawao or Pa'ia, a turn-of-the-century plantation town. Take a boat trip to enjoy the antics of the humpback whales during their annual visit to Maui from December through May, with peak activity from January through March. A sunset or daytime cruise is pleasant any time of year, and there are dolphins and seabirds as well as spectacular scenery. This bike ride of a lifetime takes you 23 miles downhill — at your own pace — from the summit at 10,023 feet above sea level. Haleakala Bike Company takes you to the top, and you do the rest, or just tour the park with them. Self-guided or guided tours are available. Mendes Ranch, on the north shore, a family owned and operated ranch, offers morning and afternoon trail rides. You'll ride down the edge of the valley to the coastline for magnificent views of the Pacific and many Instagrammable moments. This 4,000-acre park located in Central Maui is home to one of the island's great landmarks: the 1,200-foot Iao Needle, a pinnacle covered in lush green, named for Iao, daughter of Maui. Paved pedestrian paths provide views of the valley, and hiking trails also lead to viewpoints. This valley is a historical site where King Kamehameha I defeated Maui's army in a bloody battle. Some of the world's most beautiful golf courses are on the island of Maui, and there are many to choose from. A favorite of pros and visitors is the Plantation Course at Kapalua, the site of the annual PGA Tour's Sentry Tournament of Champions each January. Find your perfect beach, whether you want to surf big waves, swim in quiet waters, share the sand with a crowd, find a secluded spot, or just sunbathe. Maui has what you're looking for. Snorkeling, stand up paddle boarding, windsurfing, and more await you on Maui's shores. In addition, shoppers can grab a quick lunch or ice cream. West Maui The resort area of Kapalua is located in the northwest section of the island featuring luxury hotels, marine sanctuaries, and two world-class golf courses. In the southwest section of the west coast, the town of Lahaina offers shops, hotels, and its history as a whaling center and early settlement. The Kaanapali resort area features three miles of prime beachfront and a range of hotels and restaurants. Upcountry Maui This area includes Haleakala National Park as well as rustic towns, ranches, agricultural sections, and an artists' community. In contrast to the developed coastal areas, Upcountry remains rural, with different weather and vegetation based on its higher elevations. South Maui This area is the driest part of the island, sheltered by Haleakala, and the resort communities of Kihui, Wailea, and Makena feature upscale hotels, condominium developments, and popular tourist destinations. Miles of beaches, views of other islands, and Kihui's Kalama Beach Park are attractions in the area. East Maui This rural, undeveloped area is home to the Hana Highway and the towns of Pa'ia and Hana. Lush scenery, waterfalls, pools, and beautiful coastline attract visitors. Central Maui Maui's main airport, Kahului Airport, is located in this area. Central Maui also includes state government offices, residential developments, and agricultural areas. Sugar and pineapple are grown in the area. Maui weather varies significantly around the island, with rainforest, desert, and mountainous climates. The higher elevations are humid and rainy, while other areas receive little or no rainfall. Lahaina, Kihui, Wailea, and Haleakala have desert microclimates. Haiku, Hana, Makawao, and West Maui Mountains are rainforest microclimates. Mountainous microclimate areas include parts of Haleakala, Kula, and Ulupalukua. Hurricane season in Maui is from June through November, but hurricanes are rare, occurring only about once every 10 years.
